

FACT SHEET EA 3E2904 Project ID: 0412000292
SCL-82 HM-124 Project

Project Location:

In Santa Clara County in Santa Clara, Sunnyvale and Mountain View on northbound of El Camino Real from Lawrence Expressway to 0.4 mile west of state Route 85. SCL-82-PM 14.3/19.2

Need & Purpose:

The pavement within the project limits is showing minor distress and unacceptable ride quality, which when left uncorrected will deteriorate to major roadway rehabilitation need. This project will improve the safety of the ride and extend the service life of the existing pavement.

Scope:

Cold Plane 0.1' thick 3-lane AC Pavement and overlay with Open Graded Friction Course (OGFC) to improve the ride quality, prevent further deterioration of traveled way and shoulders and minimize costly roadway repairs and extend the pavement service life. Some deteriorated existing pavement will have 6-inch replace AC surfacing.

Schedule:

Construction of project is expected to start in August, 2013 and is scheduled to be completed by November, 2013.

Costs:

Engineer's Estimate: \$2,015,411.00
Award Amount: \$2,004,181.00
The project is funded with 100% Federal funds.

Summary:

Upon completion, this project will preserve and extend the life of existing pavement, as well as improve the ride for the travelling public and improve overall system performance.
